#### **We can customize your Corporate Retreat / Sales Incentive / Employee or Customer Appreciation Excursion.**

Let us help you plan an unforgettable way to stimulate sales, reward hard work and loyalty with travel adventure customized to your group.

We partner with other local businesses that provide a variety of lodging options, delicious cuisine and meeting spaces. We can also plan other fun activities for your group. You will be glad you chose Reel Obsession Great Lakes Fishing Charters, Sunset Cruises and Retreats for your Michigan adventure.

No matter what level of fishing experience your group has, we can accommodate experienced anglers or beginners. Captain Craig Coleman will provide you with a 1st Class fishing trip on "The Big Lake" - Lake Michigan.

#### **Why reward them?**

Incentives should help you earn more money through increased sales, greater employee satisfaction and increased customer loyalty. Word of mouth referral is the best marketing a business can receive. When your customers (clients) and employees share their experience of being rewarded for hard work and loyalty, you are sure to see an increase in business and a larger pool of applicants for employment.

#### **Our Captain:**

A lifelong resident of Ludington, Michigan, Craig has been fishing on Lake Michigan since he was 4 years old and has been a Charter Fishing Captain for 7 years. During his time as an amateur fisherman and throughout his time as a pro fisherman, Capt. Craig has won multiple tournaments.
